**25 YEARS OF SERVICE**

Ken Lohlein has been an employee of Monroe County since November 4, 1981. He began his employment with Monroe County at the then new incinerator plant on Long Key, as an Operator. He worked in several other positions under Public Works before transferring to the Florida Keys Marathon Airport in August 2001, as Senior Maintenance Technician.

His primary function is to maintain and repair all equipment and facilities at the airport. A key responsibility of his is to perform inspections of the runway and taxiway surfaces to ensure they are clean and free of foreign objects and debris, and that all lights, guidance signs and aviation safety devices are properly functioning and otherwise safe for aircraft operation.

Ken is an asset to the Florida Keys Marathon Airport and we are proud to recognize him for his 25 years of service to Monroe County.
